UMPIRE MANAGERS
Briefing for Umpires 2007

January 2007

Preparation

- Be thorough in your match preparation
- Make sure that you understand the Briefing – this is our match plan for every match – ask if you are not sure
- You are expected to umpire to this Briefing every match
- Have a personal action plan – try to improve something every match
- Report any injuries – get treatment
- Maintain your fitness level
- Look after yourself – eating, drinking, resting ... always be prepared and consider weather etc.

The Match

- Be yourself at all times
- Help the players – the players need to understand what you want
- Teamwork and co-operation are critical – let's help and support each other
- Be aware of the areas of the pitch where your colleague could need assistance
- If you have to, take time in making decisions
- Try to get the decisions correct and consistent between the two of you
- Use common sense - understand the players' intentions

Management

- Be pro-active. Prevention is better than cure
- Set standards early – TALK to the players
- Make it easy on yourself – get them 5 metres at free hits from the beginning
- Recognise early when the ball is not in the right place for the free hit – avoid replays
- Ensure free hits are taken correctly
- Change your game plan if you need to
- Communicate with your colleague

Flow

- Encourage the game to flow by only interfering when necessary
- However do not lose your grip on the match as a result of allowing too much flow!
- Allow the players to contest the ball
- Allow as much advantage as possible
- Read the game – do not ball watch
- Sometimes a free hit is a better advantage and causes less frustration
- Whistle timing is critical

Tackling

- Watch tackles carefully – only penalise if you are sure there has been an offence
- Do not penalise just because there is a noise or it looks bad
- Do not penalise if the tackler initially appears to be in an impossible position from which to make a legal tackle
- Watch which direction the ball travels
- Be strict on the breaking down of play and intentional stopping tackles
- Be aware of intentional shielding and body blocking

Obstruction

- Are the players trying to play the ball?
- Is there a possibility to play the ball?
- Is there active movement to prevent the playing of the ball?
- Be aware of professional use of the body to illegally block opponents from the ball
- Stick obstruction is a 'hot issue' for players. Judge it fairly and correctly and blow only if you are 100% sure

Ball off the Ground

- Blow only in dangerous situations everywhere on the pitch - forget lifted, think danger
- Low balls over defenders sticks in a controlled manner that hit half shin pad are not dangerous
- Use common sense and show understanding of the play
- Be consistent as an individual and as a team

Overhead Balls

- Set up free hits correctly, make sure that the players are 5 metres from the ball
- Watch the ball on the way up – the ball must not be flicked dangerously towards an opposing player
- The ball landing – apart from the receiver, players must stay 5 metres away until the ball is safely on the ground
- Penalise poor skill when the receiver makes the ball dangerous
- Defenders may stop or deflect a shot at goal with the stick above their shoulder – be aware that there will be stick movement towards the ball, use common sense and only penalise if the ball is genuinely hit

Rules of Hockey 2007-2008

- Make sure that you understand the latest set of the Rules
- A forehand hard hit using the edge of the stick is not allowed and should be penalised even for a shot at goal
- Be aware that there is no change to the interpretation of the rule concerning the ball hitting the foot, hand or body of a field player – the text in the rules was changed to reinforce the existing interpretation

Goalkeepers

- Goalkeepers wearing protective headgear may only take part in the game within their own 23 metres area
- Designated goalkeepers who only wear protective headgear may take part in the game outside their own 23 metres area, provided that they have safely removed their headgear and continue to wear a shirt or garment of a different colour to both teams
- At penalty corners, an injured or suspended goalkeeper may only be replaced by a similarly attired goalkeeper i.e. a goalkeeper wearing only protective headgear may not be replaced by a fully kitted goalkeeper

Goalkeeping

- Allow goalkeepers to move the ball away with their hand / hand protector / arm /body, as part of a goal saving action
- Permit this action in situations where attackers have an opportunity to score or attempt to score a goal, so it can also be used to deny attackers the possibility of possession of the ball or another shot at goal
- Be aware that goalkeepers who intentionally propel the ball over long distances should be penalised with a penalty corner

No Goalkeepers

- If a team uses only field players, no player has goalkeeping privileges – following the award of a penalty corner it is not permitted for one of the on field players to assume goalkeeping privileges by putting on a different coloured shirt and/or protective headgear
- Substitutions are allowed at penalty strokes; but if a team chooses to defend a penalty stroke with a player who is taking part in the game as a field player, this will not be considered as a substitution so they may only wear a face mask as protective equipment and may only use their stick to make a save

Manufactured Offences

- Be aware of the ball carrier manufacturing free hits. This upsets opponents – think through where the ball carrier is likely to do this
- Be aware of the manufacturing of obstruction and feet when there is no chance of any other play

Dragging the Ball at Free Hits and Penalty Strokes

- At free hits near the circle do not permit attackers to release the ball in the circle – this is sometimes done to manufacture penalty corners
- Midfield – show common sense and allow the game to continue
- At penalty strokes allow the stroke if it looks natural – even if there is a minor drag
- The penalty stroke is a major decision for a major foul

Penalty Corners

- Positioning is critical – sell decisions
- Manage the set up – including the meetings on the top of the circle or in defence
- Breaking at penalty corners – allow the same for the whole match, but manage early
- Apply the drag flick interpretations
- Co-operation needed if runner is hit – above or below the knee?
- Position of disengaged umpire should allow support of colleague on the height and direction of the shot, the possibility of suicide runners and possible obstruction of runners
- When the ball is missing the goal and the defender is hit high on the body, decision is a free hit to the defence

Penalty Corners

- If a player defending a penalty corner continues to wear a face mask after the corner has been completed a free hit should be awarded. Repetition means another free hit and appropriate card
- Players should, however, be allowed to complete a defending action, even if it means that they play the ball just outside the circle when wearing a face mask – common sense should prevail

Penalty Strokes

- No personal interpretations
- Stick to the Rules and guidance
- Sell decisions
- Ensure that goalkeeper and taker are in position and prepared
- Taker to be within playing distance of the ball - communicate this early

Appealing

- Appealing for free hits – abuse or shouting spoils the game
- Do not allow comments at every penalty corner you award
- Harassment, intimidation and surrounding of umpires after decisions should not be tolerated
- Make it easy on yourself – use your skills and the tools at your disposal to stamp these problems out early in the game

We all need to do this every match!

Approach to Injuries

- Go quickly to the player and ask them if they need attention
- If no response ask Captain if the Doctor/Physio is required
- If bleeding is obvious or serious – call Doctor/Physio immediately
- If Doctor/Physio enters pitch the player must leave the pitch for two minutes

The Key to Success

GOOD COMMUNICATION

With the players

With your colleague

and

With your support team

Finally

**GOOD LUCK
&
ENJOY YOUR TOURNAMENT!!**
